## **SUMMER – INTRO – SUMMER BASKET!**

Use a box or a basket and add summer items into it.

(swimming suit, cap, sun cream, sun glasses, sandals, bucket, shorts, ball, pictures from the summer, straw for a milkshake, ice tray, etc)

Ask the child to take one thing at a time.

What is it?

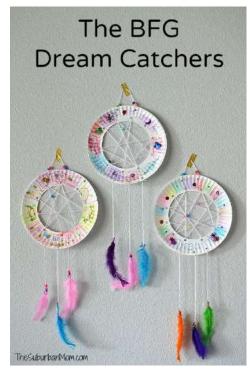

What does it look like?

What is it for?

School children can try to write the words of the items and / or try to draw them.

Younger kids can just describe them. You can ask them to put them back in the box using descriptive words: can you get the biggest thing? Can you get the shiny thing? Can you get something red?
